celebrates 60 years of British industrial design at The Festival of Britain, by having the pleasure to host an exclusive evening with British watchmakers

Speake-Marin & Bremont Watches

Peter Speake Marin will be showing his "in-house" SM2m Calibre powered Marin 2 "Thalassa", the Award Winning Watch in the Technical Excellence category at the recent "Couture Time by Watch Journal" in Las-Vegas.

Bremont will display their new "fighter chronograph", fragile but agile P-51 "Mustang". Come along and enjoy a glass of wine, perhaps a beer and a bite to eat in the company of two of the most interesting contemporary British watchmakers.

*Thursday, 30st June 2011
from 06:00pm*
